-

Any comments or concerns not addressed at the public hearing may be forwarded to ratehearings@fldfs.com until August 11, 2006; the subject line of your e-mail should read "Citizens-Monroe Filing."

The Office of Insurance Regulation (Office) displays, on our Industry Portal, all filings that we receive and take final actions on. To view these filings, go to <https://iportal.fldfs.com/ifile/default.asp> and click on "Form & Rate Filing Assembly and Submission," then click on "Filing Search." This will take you to the Office's external search application. Once you are there, you will need to use the search criteria displayed on the left side of the page. The most commonly used search criteria are the "file log #" and the "company name." If you have the file log number of the company filing you wish to view, simply type the log number into the file log # field, i.e. 06-XXXXX, and the filing will be displayed. If you do not have the file log number, you can search by company name.

Because of the volume of individuals/entities using this application, we prompt you to enter in your e-mail address. The application, behind the scenes will assemble the document or the entire filing and then e-mail it to you. If you have any questions or want to report a problem with this search application, please use the "contact us" function found at <https://iportal.fldfs.com/ifile/default.asp>.
